## **CYA Youth Celebrate Achievements at the Buccaneers Game**

The youth from our residential program recently had an exciting opportunity to attend a Tampa Bay Buccaneers football game. For many, this was their first time experiencing a professional sporting event, and the energy of the stadium made the day especially memorable.

This privilege was earned through consistent positive behavior, compliance with program expectations, and ongoing progress in treatment. These youth have demonstrated responsibility, respect, and accountability—qualities that have placed them at the level where they are preparing to transition out of the program. Each of them is on track to successfully return to the community with the skills and mindset needed for continued success.

The outing provided more than just entertainment; it served as a reward for their hard work and commitment. It also offered a meaningful opportunity to engage in positive recreation, strengthen peer and staff relationships, and enjoy being part of a larger community. Cheering for the team, sharing in the excitement, and celebrating together gave the youth a sense of connection and accomplishment.

Experiences like this remind them that healthy leisure activities can be both enjoyable and fulfilling. Through such events, they continue to learn the value of teamwork, community engagement, and maintaining a balanced lifestyle beyond the treatment environment.
